

2011 BELL'S BEER BAYVIEW MACKINAC RACE

Amendment No. 2 to Notice and Conditions of Race

The Notice and Conditions of Race, Section 7(b), is amended to delete the reference to an Endorsed IRC rating certificate:

Section 7(b) is amend to read as follows:

The Race Committee may, upon the request of a one-design/level class that elects to race in Division I, assign a common IRC rating to all boats in that class equal to the highest rated boat in the respective class. A written letter from the one-design/level class president or fleet captain requesting such rating status must be received by the Race Committee no later than June 30, 2011. For one-design/level classes that have elected to race level, a rating certificate is not required to be on file with the Race Committee. However, boats racing in a one-design/level class that have elected to race level will only be eligible for overall scoring within Division I if they have submitted a valid IRC rating certificate with their entry Form.

Dated: June 2, 2011
